

CFO Services – 404 Automation Tool

CFO Services is proud to offer pre-loaded control templates in conjunction with its recent strategic licensing agreement with Paisley Consulting, Inc. With this agreement, CFO Services may now help its clients to automate the critical aspects of its 404 internal control assessment project, using the Paisley Focus™ Control Assurance Software.

Some Quick Facts about the tool

- Microsoft based application
- Standard control models included
- Priced per user starting @ \$700

Rapid Startup

- A customizable, flexible software package ready for use right out of the box
- The efficiency of pre-loaded control templates using CFO Services methodology, coupled with that of a national accounting firm, if desired.

Complete Functionality

- Web-enabled and multi-user tested for up to 200 concurrent users
- Attachment and hyperlink capabilities
- Virtually limitless, yet simple to use, reporting through Paisley's SNAP! Reporter™ module
- Issue and action plan tracking
- Role-based security

For more information, including a demo on the tool, contact [Mike Tanner](#) at 904-733-2060, ext 53.
